Didn't Hesitate to Tell His Friend

Prominent Chicago Manufacturer "Gives Credit Where Credit Is Due" and
States that KODOL Cured Him After Seven Years' Suffering From
Chronic Indigestion.

READ THIS LETTER.

Chicago, Ill.

J. W. P. Esq.,
Indianapolis, Ind.

Dear Sir:—I had occasion to attend the meeting of the Michigan Retailers at Grand Rapids, this week, and during conversation, someone mentioned the fact that you had suffered considerably from stomach troubles during the past few years. I would like to advise you of the troubles I have had.

For about six years I was constantly suffering with indigestion, which about once or twice a year would develop into "Acute Indigestion," and which usually became very severe.

On the 12th day of January last year, I had an attack of acute indigestion, became unconscious, and remained so during nearly the entire day. A regular physician gave me temporary relief, as had been done for me for several years, and I spent several hundred dollars trying to get permanent relief.

A few days after the attack mentioned, the trouble commenced again, and I concluded to try a bottle of "Kodol," which was recommended for trouble of this kind.

I used two bottles, and will say I have never suffered with indigestion or stomach trouble since. During this time I have mentioned it to several others who were suffering from similar causes, and in every case I learned that prompt and permanent relief was obtained.

I happen to have one of the Kodol pamphlets in my desk, and will enclose same herewith. This letter may appear to you like a patent medicine advertisement, but you will know without being told, that it was not intended as anything of the kind, and if you have any trouble with your stomach now, I really wish you would try this remedy anyway.

Some of the best physicians here gave me treatment, but relief was always only temporary.

Sincerely yours,

R. L. ANDRES,
Sales Agt. The Kirby Lumber Co.

Druggists Recommend Kodol

Myron Evans & Co., the well-known druggists of Scranton, Pa., write us that Mrs. John J. Hart, of 1107 Sweetman St., Scranton, Pa., was entirely cured of nervous dyspepsia after being treated by the best doctors.

This well-known firm says Mrs. Hart's was the worst case they ever saw and the day they suggested Kodol to her, she could hardly walk. Now, she is entirely cured and can eat anything.

DeWitt's Kidney and Bladder Pills come in two sizes only, the 50c and the \$1.00 size. Both are put up in air tight, glass containers. Do not accept them in any other way.

HOUSEHOLD HINTS

To remove iron rust from white goods, moisten spot, cover with cream of tartar; put in a basin of water, simmer gently for an hour. Rinse and dry.

To wash anything that is greasy, use hot soda water. The alkali turns grease into soap, which will do its own cleaning.

Mildew stains should be rubbed with a little ammonia before sending to laundry. If they have not disappeared after drying, spread a paste of lemon juice and starch over and spread on grass to dry.

When roasting or baking in oven, sprinkle salt underneath pan to prevent burning.

Turpentine will remove tar from any kind of fabric.

Bran water is the best thing to use for washing silk stockings, as soap is apt to make silk tender.

Mahogany tables are often disfigured with white spots, caused by placing hot dishes upon the table without mat. Rub in a few drops of sweet oil, then afterwards polish with alcohol and a soft cloth.

A good remedy for roaches is to mix equal quantities of sugar and borax set in shallow dishes.

Black silk can be cleaned by means of hot vinegar or black coffee. When thoroughly cleaned it should be pressed on wrong side. Be sure to use cloth between iron and silk.

For removing burnt crust from a cake, use a flat grater. It is far better than using a knife.

To remove the "shine" from a dark wool material, sponge it with a solution of common washing blue and water, and press it while still damp under a thin cloth.

Kerosene is a great cleanser for silverware. Wet flannel cloth in the oil, dip in dry whiting, thoroughly wipe silverware; wash well in warm soapuds, wipe dry and polish with piece of chamois.

BRIEF BUSINESS LAWS.

Contracts made on Sunday cannot be enforced.

Altering a note in any manner, by the holder, makes it void.

A note by a minor is void in some states, and in others it is voidable on judicial decision.

A contract made with a minor, or a lunatic, is void.

Notes obtained by fraud, or given by intoxicated persons, cannot be collected. It is a fraud to conceal a fraud. Signatures made with a lead pencil are good in law. The acts of one partner bind the rest.

The maker of an "accommodation" bill or note (one for which he had received no consideration), having lent his name or credit for the benefit of the holder, is not bound to the person accommodated, but is bound to all other parties precisely as if there was a good consideration.

No consideration is sufficient in law if it be illegal in its nature.

An indorsee has a right of action against all whose names were on the bill when he received it.

An endorser of a note is exempt from liability if not served with notice of its dishonor within twenty-four hours of its non-payment.

If the letter containing the protest of non-payment be put into the postoffice, any miscarriage does not affect the party giving notice.

Notice of protest may be sent either to the place of business or residence of the party notified.

Checks or drafts should be presented, without unreasonable delay, during business hours, but in this country, except in the case of banks, the time extends through the day and evening.

Written contracts concerning land must be under seal.

Napoleon Bonaparte

Napoleon Bonaparte is considered the most unique figure in all modern history.

All the most important events of his career were crowded into a short period of about fifteen years.

At the age of twenty-seven he commanded the army of Italy.

At thirty, or three years later, he was considered both the greatest general of his time and one of the greatest lawgivers of the world.

At forty-six he was defeated at the battle of Waterloo.

During his incarceration on the Isle of St. Helena or Elba he occupied his lonesome hours with very simple forms of amusement. He whiled away the time constructing peculiar sentences. He is reputed to have written the following:

"Able was I ere I saw Elba."

If the reader will spell this entire sentence letter by letter backwards the result will be interesting.

ASTROLOGY

If you were born between January 20th and February 19th, "Aquarius" is your sign and Saturn is your star. You will have great possibilities, but leisurely habits, and it will require a strong incentive to force you into action. When you have once made up your mind, you will be firm and determined.

Aquarius Opinions strong and radical. Behind an outer strength, you will conceal a deep, quiet sensitiveness, and disappointment will not bring from you either bitterness or complaint. You will be too dignified to stoop to an ordinary quarrel.

You will have a tendency to suppress imaginative faculties and gifts and to distrust your intuitions. Your temperament

will be naturally moody and sad. In disposition, you will be gentle and even-tempered, affable and free, though somewhat quiet in manner, and anxious for the good opinions of others.

April and August will be your lucky months and Saturday your most auspicious day. You should marry a person born under Leo. A business association with Capricorn or Sagittarius would be to mutual advantage. The tulip is your flower and if you wear a sapphire, it will bring you quiet happiness.

The predominating characteristics are, when born on Monday—Intelligence. Tuesday—Suspicious, sceptical mind. Wednesday—Disappointed ambition. Thursday—Well endowed brain power. Friday—Gentleness of temper. Saturday—Private virtues. Sunday—Great ambition. See 200 year calendar for the day of your birth.

You Can Cure Dyspepsia

But to Do So You Must Duplicate Nature's Process of Digestion in Some Way.

Indigestion and Dyspepsia are often simple little matters at first, but if neglected, will soon cause much pain and distress. Pretty nearly every disease that afflicts humanity is largely due to Indigestion; at least, Indigestion is the beginning of the trouble. The only way to restore health is to remove indigestion with Kodol. Every tablespoonful digests $2\frac{1}{4}$ pounds of food. Every one knows that people must eat to live, and if they would eat plain food in moderation, there would be little need for doctors and drug stores, but all of us occasionally, and many of us constantly, eat not only too much, but swallow rich food that the stomach cannot digest.

The food ferments, gas fills the stomach, and undigested lumps of food harden and the lining of the stomach becomes inflamed. That's where chronic and nervous dyspepsia come in. Now, what is to be done? Simply this—give the stomach rest; help it to do its work. The only sure way is Kodol. This is true because Kodol is the only preparation that supplies the same digestive juices that are found in a healthy, vigorous stomach. Just as soon as Kodol goes down to the undigested food, it starts proper digestion at once—and away go the distress and pain. You do not have to take Kodol all the time. Take it only when you need it. Our Guarantee: Get a dollar bottle of Kodol. If you are not benefited—the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains $2\frac{1}{2}$ times as much as the 50c bottle. Kodol is prepared in the laboratories of B. C. DeWitt & Co., Chicago.

DeWitt's Kidney and Bladder Pills come in two sizes only, the 50c and the \$1.00 size. Both are put up in air tight, glass containers. Do not accept them in any other way.

Kodol the Best Thing She Ever Tried

For Indigestion and Dyspepsia

Mrs. Jennie Broctor, Ass't Postmaster, Grimsland, N. C., says: "After trying Kodol for Dyspepsia and indigestion, I think it is nothing more than right to say that I think it positively the very best medicine of the kind I have ever tried, and I have tried different things for several years. I never had anything to do me so much good in my life, and I advise everybody to try Kodol for indigestion and dyspepsia."

American Flag

How many people can tell what is the significance in their entirety of the red, white and blue of the American flag, the national colors? It is, of course, generally understood that one star represents each state included in the Union and that the first flag contained thirteen stars, representing thirteen original states.

The designers of the American Emblem had intended that the red stripes represent the bloodshed necessary to establish us as a nation.

The white is indicative of the purity of our Constitution and our form of government.

The blue is symbolical of the clear dome of heaven wherein are set the stars of the Union and under which all peoples, regardless of race, color or religion, may breathe the air of freedom.

It is the unconquered and mostly considered the unconquerable flag of the world.

Dewitt's Kidney and Bladder Pills come in two sizes only, the 50c and the \$1.00 size. Both are put up in air tight glass containers. Do not accept them in any other way.

ASTROLOGY

If you were born between February 19th and March 20th, "Pisces" is your sign, and Jupiter your guiding star. You are apparently yielding and submissive, but, in reality, determined and obstinate.

☿ Precise, orderly. High self-esteem but little self-confidence; a strong sense of justice and a deep love of the

Pisces beautiful; impulsive in likes and dislikes, and take no pains to conceal aversion.

Love faithfully and sincerely, but not ardently. Introspective and exacting, much given to worry, especially about health and money matters, emotional,

restless, excitable, and fond of change. Demand companionship and become melancholy when left alone for any length of time. Pisces men are restless and self-absorbed; the women weep frequently without cause. Persons born under Pisces marry happily with the Virgo people, but should avoid Libra and Sagittarius companionship. Business association with Capricorn is fortunate. The flower is the Daffodil and the White Chrysolite the gem. The predominating characteristics are, when born on Monday—Ambitious. Tuesday—Boldness. Wednesday—Restless. Thursday—Fickle. Friday—A yearning for the impossible. Saturday—Mystical. Sunday—High morals. **The 200 year calendar will tell you the day of the week on which you were born. See index page one.**

CAUTION—Strive to have more self-confidence and be less exacting. Take care of the eyes and guard against fevers by keeping the body strong.

ASTROLOGY

If you were born between March 20th and April 19th, "Aries" is your sign and Mars your guiding star. You dislike manual labor, better fitted to lead than follow. You are ambitious, impulsive, quick-tempered, irritable, generous, highly intuitive and seldom deceived.

Aries

The women are very extravagant, fond of entertainment, music and dancing; always full of life and activity. Sanguine, earnest and sincere. The men are drawn toward politics and have a great desire to see and know everything. The more exalted phases of love are impossible; crave that which eludes and waste no time in repining over unrequited affection.

In marriage you should look under the signs of Pisces or Taurus. In business, Aries people are most successful when at the head of an enterprise and unhampered by any kind of restraint. A partnership with Taurus would be fortunate in a business way, but Scorpio and Capricorn are to be avoided.

June and July are your most promising months, and Tuesday your lucky day. The flower is the amaryllis and the amethyst the precious stone. The predominating characteristics are: When born on Monday, firm, haughty disposition; Tuesday, contempt for all obstacles and perils; Wednesday, noble and generous; Thursday, diplomatic and capable of commanding; Friday, quick, versatile mind; Saturday, love of pleasure; Sunday, intellectual.

See page one to learn the day of your birth.

Every tablespoonful of Kodol digests 2¼ pounds of food.

Acute Indigestion Causes Sudden Death

The Rapid Increase of This Dangerous Ailment Is Alarming.

Acute Indigestion has caused the death of many a good man or woman that could have been saved, had the sufferer only been able to get prompt relief.

The formation of gas in the stomach is so rapid--and the pressure so strong on the pneumo-gastric nerve--that, unless relief is promptly given, it quickly stops the heart action, and death ensues, almost at once.

If taken in time--and in liberal quantities--Kodol will, in every case, stop the pain and remove the trouble, within a very few minutes. Kodol is the most perfect digester, and stomach corrector, known to medical science. By expelling the poisonous gases arising from the undigested food lying in the stomach, Kodol at once stops the pressure on the heart, thereby removing the danger of Acute Indigestion.

Every tablespoonful of Kodol digests two and one-quarter pounds of food--any kind of food that a sensible man would eat. It is the only preparation that will do this, and is one that every family should keep on hand. You never know when Acute Indigestion is going to come. It may come tonight, and may come tomorrow. A little Kodol, taken at the right time, may save the life of yourself, or some dear one.

Don't neglect your stomach. Don't allow your digestive organs to become weakened, and thereby become a likely victim to Acute Indigestion.

Kodol is pleasant to take, perfectly harmless--and you can go to your druggist and get a dollar bottle, on our guarantee, that if it fails to give relief, he will refund your money without question or delay. You don't have to take Kodol all the time, you only take it when you need it.

Prepared only at the laboratories of E. C. DeWitt & Co., Chicago, Ill.

Unable To Sleep

For Three Long Months; Took One Bottle of Kodol and Sleeps Good Ever Since.

Mr. O. C. Tuttle of Ainsworth, Nebr., says: "It was almost impossible for me to sleep for three months. I got three different prescriptions from a doctor for sleeplessness caused by indigestion.

I saw your advertisement in the Ainsworth 'Star-Journal' on Kodol for dyspepsia, bought one bottle and am sleeping good since."

A Moonless Month

The month of February, 1866, was in one respect the most remarkable in the world's history.

It had no full moon. January had two full moons and so had March, but February had none.

This had not occurred since the creation of the world, and will not occur again, according to the computation of astronomers, for 2,500,000 years.

Deeply emotional, suffer and enjoy by turns, are passionate, loyal, sanguine and sympathetic. Your greatest love is of a domestic nature and your mate is born under the sign of Scorpio, though happiness would be possible with Virgo, Capricorn, Aries and Gemini people.

Taurus people are warm-hearted, gen-

erous and clinging, lavish in affection, and fond of ease, but orthodox and conventional. The men are persistent, plodding workers, insisting upon every individual right, valuable in any emergency and successful in military or commercial lines.

Business partnership with Aries, Gemini and Scorpio are favorable. The flower is the jonquil and agate the stone. The predominating characteristics are: When born on Monday, intelligence; Tuesday, disappointment; Wednesday, generosity of mind and heart; Thursday, independence; Friday, longevity; Saturday, credulity; Sunday, lack of self control.

See page one, and the 200 year calendar to learn the day of your birth.

CAUTION.—The weak organs are the kidneys and the liver, and great care should be taken that indigestion does not clog and break down the tissues supporting these organs. Kodol for Dyspepsia is the remedy that enables the stomach and digestive organs to digest and assimilate all foods, thus preventing the accumulation of poison to the liver and kidneys. Kodol strengthens all the organs of the body and relieves indigestion, dyspepsia, water brash, nervous stomach and catarrh of the stomach.

Every tablespoonful of Kodol digests 2¼ pounds of food.

Surprising What Kodol Will Do

It Will Assist Nature to Secure Complete Restoration of Good Digestion. The Longer You Neglect Indigestion the Longer You Will Suffer

And, of course, indigestion if neglected long enough brings on serious diseases in which Kodol cannot benefit you. Some of these there is no help for at all. There are, in fact, very few ailments which cannot be traced directly to impure blood, and impure blood is always due to a disordered stomach. Use Kodol and prevent Nervous Dyspepsia. Kodol will effectually assist Nature to secure a complete restoration of good digestion. It does this by at once digesting all food in the stomach and keeping it digested, until the stomach is rested and can resume its own work. Kodol removes the cause—and the effect quickly removes itself.

When it is recalled that Apoplexy, Heart Disease, Cancer—and even Consumption—are due to poor digestion and poisons thus transmitted to the blood, and throughout the system—the importance of maintaining good digestion is at once realized. We knew what Kodol would do before even the first bottle was sold. If we did not know just what it will do, we would not guarantee it the way we do. Every tablespoonful will digest $\frac{3}{4}$ pounds of food.

Our Guarantee Get a dollar bottle of Kodol. If you are not benefited—the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains $2\frac{1}{2}$ times as much as the 50c bottle. Kodol is prepared in the laboratories of E. C. DeWitt & Co., Chicago.

Recommends Kodol to Every One

Mrs. Williamson says: "Kodol for dyspepsia did me more good than anything I ever took in my life. I think it is the best medicine in the world. I can't praise it enough for what it has done for me. I tell everybody that has indigestion to take Kodol. I know it will cure them as it did me, if they will give it a fair trial."

"I recommend Kodol to every one I see with indigestion. I can't praise it enough."
DeWitt's Kidney and Bladder Pills come in two sizes only, the 50c and the \$1.00 size. Both are put up in air tight glass containers. Do not accept them in any other way.

ASTROLOGY

Being born between May 20th and June 21st, "Gemini" is your sign and Mercury your ruling star. You will be versatile, changeable, contradictory, possessed of two natures, restless, nervous, and extremist.

Gemini

Active mind, quick to grasp an advantage, can see both sides of a question, and able to adapt yourself to any situation with ease and tact. Unselfish, self-sacrificing, but seldom understood. Sociable, but few friends rather than many. April and August are your lucky months and Friday your fortunate day.

You will be most friendly with Aquarius

and Libra people, but your true mate was born under Sagittarius. The men are bright, restless, eager, mercurial, love money and social position. The women are natural homemakers, affectionate, tender, sympathetic and demonstrative. Success usually comes late in life. Business partnership with Taurus or Cancer are favorable. The flower is the May-flower, or trailing arbutus, and the talismanic gem the Beryl or Aquamarine. The predominating characteristics are: When born on Monday, restlessness; Tuesday, versatility; Wednesday, unmindful of own best interests; Thursday, inconstancy; Friday, honest and successful; Saturday, thoughtless; Sunday, anxiety. See index to 200 year calendar on page one.

CAUTION.—Inclined to diseases of the bladder, which may be prevented by digesting, assimilating and appropriating all of the nourishing properties contained in the food. Kodol aids the stomach and digestive organs to do this, thereby strengthening and upholding the organs having weak tendencies. All the organs of the body depend upon the stomach for their strength and the wit, wisdom and intellect are intensified by increasing the strength of the body as Kodol does it.

Every tablespoonful of Kodol digests 2¼ pounds of food.

Deadly Danger In Diseased Kidneys

Few People Really Know What Kidney and Bladder Diseases Lead To.

They frequently become incurable—if neglected. And they often terminate fatally—where the neglect is continued.

Serious and dangerous disorders, of the gravest character—these diseases of the bladder and kidneys cannot receive attention too quickly, once they have attacked the human system.

All derangements of the kidneys and bladder are the result of that deadly poison—uric acid—in the system.

Some of the consequences following closely upon a neglected uric acid condition, are these:

Chronic inflammation of the kidneys, bladder and passages, inflammatory rheumatism, dropsy, gravel and gallstones, chronic nerve disorders, diabetes and Bright's Disease, etc.

But all derangements of the kidneys and bladder can be cured—if taken in time—before they have reached the incurable stage.

DeWitt's Kidney and Bladder Pills very quickly

eliminate from the system every trace of the deadly uric acid poison.

They accomplish this by reason of their well-known antiseptic, cleansing, curative, healing and stimulating action upon the kidneys, bladder and liver.

These Pills have never failed to do this in any case, where they have been given a fair chance to accomplish the work for which they are intended.

For instance, Mr. John Riha, of Vining, Iowa, writes: "There are a dozen people here who have used these Pills, and they give perfect satisfaction in every case. I have used them myself with fine results."

DeWitt's Kidney and Bladder Pills are put up in airtight, sanitary glass containers (to preserve their full strength and curative qualities), and are sold by nearly all druggists, at 50 cents and one dollar per package.

The one dollar package contains 2½ times as much as the 50-cent size.

Sold only in glass containers. Do not accept them in any other package.

ASTROLOGY

If you were born between June 21st and July 22nd, "Cancer" is your sign and the moon your ruling planet. You will have a great love of home and family, and quick to feel the mental conditions of

Cancer

those around you. Your nature will be quiet and placid, opposed to haste, yet fond of amusement and social pleasures. You dislike a quarrel, conservative, and slow to change your ideas.

Your loving nature will be at once your weakness and your strength. Hyper-sensitive relating to your affections. Long for love and domestic comfort. Your

mate will be found under Pisces or Scorpio, but you will be more strongly attracted toward Libra people. The men are slow to adopt new methods, and the women are fickle in their love affairs but make devoted mothers.

February and September are the fortunate months and Monday is the lucky day. Business associations with Capricorn and Aquarius are valuable. The flower is the poppy and the emerald the talismanic stone. The predominating characteristics are, when born on Monday—Restless and moody. Tuesday—Sensitive. Wednesday—Impulsive. Thursday—A dignified feeling of responsibility. Friday—Dramatic and musical. Saturday—Congenial disposition. Sunday—Love of the beautiful.

CAUTION—Guard against inharmonious company and difficulties with your fellowman. Take care of your lungs and breathing organs. Kodol for Dyspepsia gives life and strength to the tissues by transforming the food into tissue building blood. When the body begins to grow weak there is something wrong with the stomach or digestive organs. You may not know it, but you do know that if your appetite is good and your food is digested and assimilated, there is no decline in your health or strength.

Every Tablespoonful of Kodol digests 2¼ pounds of food.

Important to Mothers

Bed Wetting in Children

(Enuresis)

Causes.—Obstructions or malformations in urinary organs. Long, narrow fore-skin. Irritation in rectum. Constipation. Worms. Strong urine. Weakness of bladder muscles, which often occurs in very nervous children.

Treatment.—Never punish or scold a child for bed-wetting, as that only tends to aggravate the complaint. Examine child for obstructions or diseased conditions. Watch bowel movement for worms. Bathe external parts with cold water at night. Have child empty the bladder just before going to bed at night. Do not give the child liquids in the evening at supper, especially milk. Keep child in the open air as much as possible. Give it plain, well-cooked food, and DeWitt's Kidney and Bladder Pills as follows:

DIRECTIONS.—To children over two and under five years old: One-half pill morning and evening upon retiring.

Give the one-half pill in a little jelly on a spoon, or include it in a spoonful of soft food like mashed potatoes, rice, etc.

To children over five years old: One pill in the morning and one pill upon retiring. If improvement is not marked in children over five years old, increase dose to three pills a day—one in the morning, one at noon and one at night upon retiring.

After taking the pills the urine will turn a bluish color; caused by one of the ingredients, which is antiseptic. The child should therefore be prepared at night, so as to prevent soiling or staining the bed linen.

Do not chew the pills. Swallow with a little water.

TESTIMONIAL.

Washington, Pa., Oct. 4, A. D. 1909.

Mess. E. C. DeWitt & Co., Chicago, Ill.

Gentlemen:—While engaged, during the past four months, at a Public Charitable Institution where Children are kept, I used DeWitt's Kidney and Bladder Pills in several cases of "Bed Wetting" by children who apparently had Weak Kidneys, and in each case the result was Very Satisfactory.

I also find that Children who have any Symptoms of Kidney Trouble should Not use Milk. Specially at night. (Supper.)

Wishing you Success,

I remain, Very Respytly,

Geo. E. Adams.

DeWitt's Kidney and Bladder Pills come in two sizes only, the 50c and the \$1.00 size. Both are put up in air tight glass containers. Do not accept them in any other way.

ASTROLOGY

The period between July 22d and August 22d is under the sign of "Leo" and governed by the sun. These people are naturally pleasing in manner, fond of society, and just in all their relations, but some-

Leo

times give way to rage and violence. Keen intuition, kind-hearted and sympathetic, but resent imposition. Love the good things of life, but like to travel for recreation. Impulsive, lavish of affection, fond of friends and dependent upon their sympathy and understanding. Jump at conclusions, easily prejudiced, and when thwarted become furious, and self-control is difficult. Look under Aquarius for your mate. Leo women are home

lovers and home makers and very hospitable, usually avoiding the business world.

The men are especially adapted to chemistry and biology. In commercial life, partnerships with Cancer or Virgo are fortunate. January and October are the fortunate months and Sunday is the lucky day. The morning glory is the emblematic flower, and Leo people should wear rubies to ward off evil influences. The predominating characteristics are: When born on Monday, violent disposition; Tuesday, phlegmatic; Wednesday, self confidence; Thursday, talent for the plastic arts; Friday, conceit; Saturday, persistency of purpose; Sunday, successful ambition.

Look up the day of your birth; see index to 200 year calendar on page one.

CAUTION.—Take care that you do not easily yield to the evil influences of others. Do not be misled in love, and avoid domestic infidelities. Do not overload the stomach and crowd the heart. Take Kodol to aid in digesting a hasty meal.

Every tablespoonful of Kodol digests 2¼ pounds of food.

Many Women With Diseased Kidneys and Bladder

Suffer Endless Torture, Without Knowing the Nature of Their Ailment, Or Its Cause

This is because women are told that their every sickness is due to 'ailments of their sex.'

The notion that to cure a woman's ailments, it is only necessary to treat the distinctly feminine organs, is one that has caused much unnecessary suffering.

The tortures and discomforts of weak, lame, and aching back, swollen and bloated feet and limbs, nausea and fainting spells, lassitude, despondency, sick headaches, painful, scalding sensation, inflammation, etc., are due to derangements of the kidneys and bladder.

And unless there is proper healing and curative treatment for the organs which are diseased and out of order, there can be no cure of the woman's ailments.

For the cure of these conditions—and as a safeguard against even more serious and fatally dangerous diseases—there must be a thoroughly good and effective kidney and bladder medicine.

DeWitt's Kidney and Bladder Pills act at once—and with the most beneficial results—on the organs in question, insuring prompt and permanent relief in any cases where the disease has not been too long neglected.

These Pills may be depended upon to do all that is claimed for them, whenever given a fair and honest chance to do so.

They are thoroughly antiseptic—surprisingly healing, cleansing, purifying, and reconstructive in effect—and, containing no opiates, narcotics, or other harmful substances, may be taken in perfect confidence of nothing but beneficial results.

Thousands of women all over the United States gratefully affirm the marvelous efficacy of these Pills.

DeWitt's Kidney and Bladder Pills are put up in air-tight, sanitary glass containers (to preserve their full strength and curative qualities), and are sold by nearly all druggists, at 50c and one dollar per package.

The one dollar package contains two and one-half times as much as the 50c size.

They are very pleasant to take, and can in no case work injury to the system—as syrupy, alcoholic, liquid preparations are apt to do.

Rheumatic Pains.

Due nearly always to the presence of uric acid in the blood, will be alleviated just as soon as the kidneys cleanse the system of this poison. DeWitt's Kidney & Bladder Pills should be taken at once.

DeWitt's Kidney and Bladder Pills come in two sizes only, the 50c and the \$1.00 size. Both are put up in air tight glass containers. Do not accept them in any other way.

ASTROLOGY

The sign "Virgo" extends from August 22nd to September 23rd and Mercury rules. If born between these dates you are discriminating, practical, material, and to some extent intuitive. Lack creative

force, conservative, but have great aptitude and endurance. Often discouraged by failure but apply anew with fresh Virgo perseverance. Self-conscious, commanding respect. Love freedom and never submit to rule. Extremely critical, sarcastic, artistic and honorable. Quick in thought and action, fond of home. Sometimes fussy and inquisitive, and given to intrigue. The women are fond of finery, show and ceremony, good housekeepers, keen, excitable, caustic in speech,

and need responsibility as a balance wheel. The men are quick to see and understand.

Copartnership between Virgo and Leo would be favorable. February and November are the best months to begin an enterprise. Marriages with Taurus or Capricorn are advisable. The corn-flower or Kaiserblume is the flower and jasper is the precious stone. The predominating characteristics are, when born on Monday—Persistency of purpose. Tuesday—Egotistic and adventurous. Wednesday—Love and justice. Thursday—Longevity. Friday—Analytical. Saturday—Mechanical arts. Sunday—Order and economy.

For day of week upon which you are born see index on page one to 200 year calendar.

66 Years of Age and Feel Like a New Man

"Although Physicians Said I Would Never Get Well"

Mr. David A. Bugh, merchant and postmaster of Gasconade, Mo., says: "DeWitt's Kidney and Bladder Pills did wonders. While I have Bright's Disease and diabetes in its worst form, I gave up all the treatment I could learn of, and concluded to quit, but was persuaded by Mrs. Bugh to try DeWitt's Pills, and did so by taking one and one-half boxes.

I feel like a new man, and one that would live many more years. I am 65 years past."

Mr. Bugh writes a few days later: "I am doing so well and improving so fast in health. I am proud and happy to let any one know what DeWitt's Kidney and Bladder Pills have done for me and others who are using them now. Not one is using them but who is improving.

I am almost back to myself again. I have been treated for Bright's Disease by some of the most prominent physicians."

Healthy Kidneys Prolong Life

Weak Kidneys Shorten Life and Make Old Age a Burden.

Weak kidneys affect old age with much suffering and great discomfort. The back is often crooked and lame; rheumatic pains frequent; eyes fail; you are all tired out, and you really feel as though life is not worth living.

DeWitt's Kidney and Bladder Pills are a great help to old people. They keep the kidneys well when you are young. They bring new strength to worn-out kidneys when you are old. They banish backache and rheumatic pain, and regulate the bladder and urine. It is often noticed that the eyesight improves when the kidneys are made well.

The Kidneys are the Filters of the Blood

Healthy kidneys do this filtering work well, purifying all the blood in the body, every three minutes.

However, many of us thoughtlessly weaken our kidneys and bladder by overeating, overworking, indulgence in strong drinks, loss of sleep, and other careless disregard of nature's laws.

Exposure, colds, chills, or fever are all unusual strains which wear on the kidneys, put them behind in their work, and leave them unable to perform their duties, and unless they are promptly taken care of and relieved, that violent, poisonous matter, known as Uric Acid, is being constantly gathered up by the blood, and passed along to the kidneys, which are unable to remove it, owing to their weakened condition—and serious results follow. Try DeWitt's Kidney Pills now.

DeWitt's Kidney and Bladders Pills come in two sizes only, the 50c and the \$1.00 size. Both are put up in air tight glass containers. Do not accept them in any other way.

National Capitol.

The National Capitol at Washington is in the style of architecture modeled from the Roman idea. Construction on the building was started in the year 1793, when George Washington laid the corner stone. With the new additions the whole structure was completed in 1865. Originally there were two temporary wings to the National Capitol, both of which were destroyed by the British in the year of 1814, but which were without delay rebuilt. The building, as originally designed and completed, was done at the cost of nearly two and one-half million dollars.

The dome is 287½ feet in height and was the last part of the building to be completed. Besides the government capitol there are many separate buildings at the disposal and for the requirements of the various departments of the government.

DEWITT'S KIDNEY & BLADDER PILLS are sold in two sizes, 50c and \$1.00. The dollar size contains two and a half times as many pills as the 50c size. This family size has been prepared so that we may be able to supply our many patrons as economically as possible.

Both sizes are put up in glass containers. Do not accept them in any other way.

ASTROLOGY

From September 23d to October 23d, "Libra" is the sign, and Venus the guiding star. You have foresight and intuition; lead, but never follow. First impressions correct. You esteem your friends

Libra more for their personal and mental qualities than because of their wealth or social positions. You are hospitable, warm-hearted, benevolent, but apprehensive of the future. Disposed to be careless with your belongings, imperious; restless, and can never be forced into submission.

The women of Libra are fond of congenial society, and are usually popular with the opposite sex. The men have

unusual foresight and caution, with ability to balance and compare, less prominent under any other star. Marriage with Scorpio is the most fortunate, but Libra people are well fitted to carry on their life work alone, and companionship of any kind is an ornament rather than a need. They are self-reliant to the uttermost, undemonstrative, and quiet in affection. August and December are propitious months, Friday the fortunate day, violet the flower and the diamond the stone. The predominating characteristics are: If born on Monday, independence; Tuesday, love of justice; Wednesday, impulse to defend the weak; Thursday, ambitious, Friday, restless; Saturday, ability to handle men, Sunday, bold and successful.

For the day of your birth refer to 200 year calendar. See index on page one.

Women Suffer Agonies From Diseased Kidneys

And Most Women Do This, Not Knowing the Real Cause of Their Condition.

These poor, suffering women have been led to believe that their misery of mind and body is entirely due to 'ills of their sex.'

Usually the kidneys and bladder are responsible—or largely so.

And in such cases, the kidneys and bladder are the organs that need and must have attention—if there is to be a cure.

You cannot cure one organ or part of the human body by "doctoring" another part which has little or nothing to do with the part that is diseased.

Those torturing, enervating sick headaches, dragging pains in back, groin and limbs, bloating and swelling of the extremities, extreme nervousness or hysteria, listlessness, and constant tired, worn-out feeling, are almost certain symptoms of disordered and diseased kidneys, bladder and liver.

And when these conditions exist, there must, of necessity, be taken a genuinely good medicine, which is intended for and will cure these diseases.

Otherwise, a cure cannot be expected.

DeWitt's Kidney and Bladder Pills have, in thousands of cases, been demonstrated as remarkably beneficial in all such conditions of the female organism—affording the most prompt relief and permanent benefit.

They have never failed, in any single instance, to accomplish these results, when given a faithful and honest trial.

As an illustration of what these Pills will do, read the following letter:

Martinsville, Va., March 29th, 1910.
E. C. DeWitt & Co.,

Gentlemen:—I send my unsolicited endorsement. I was badly troubled with Kidney & Bladder trouble, suffered more than I can tell. I was handed a sample box of E. C. DeWitt's Kidney & Bladder Pills, the first dose helped me, now I am so much better want to let you know how thankful I am.

Yours truly,
Mrs. George Barrow.

These marvelously effective Pills at once operate to cleanse the entire system of the deadly uric acid poison—as well as of all other effete and poisonous elements that may exist in the system—stimulating, rejuvenating and building up every organ of the body.

DeWitt's Kidney and Bladder Pills are sold by all good druggists, at 50 cents and \$1.00 per package. The \$1.00 size contains 2½ times as much as the 50c size.

DeWitt's Kidney and Bladder Pills come in two sizes only, the 50c and the \$1.00 size. Both are put up in air tight, glass containers. Do not accept them in any other way.

The Panama Canal, now in process of construction under the direction of the United States of America, is to be owned and controlled by this government. It will be of lock-type design, vessels to be raised to the level of the lake by three duplicate locks, each about 900 feet in length. They are to be 110 feet wide and 40 feet deep.

The principal lake will represent the level of the Panama Canal, which in all will be 85 feet above sea level. The total length of the lake will be thirty miles, nearly all of which will be navigable. The date of the completion of the Canal is indefinite. The work at this time is progressing in a very satisfactory manner.

Formula for Telling a Girl's Age.

Girls of a marriageable age do not like to tell how old they are; but you can find out by following the subjoined instructions, the young lady doing the figuring. Tell her to put down the number of the month in which she was born, then to multiply it by 2, then to add 5, then to multiply it by 50, then to add her age, then to subtract 365, then to add 115; then tell her to tell you the amount she has left. The two figures to the right will tell you her age, and the remainder the month of her birth. For example the amount is 822; she is 22 years old and was born in the eighth month (August.) Try it.

ASTROLOGY

Scorpio is the sign from October 23d to November 22d, and Mars is the ruling planet. You are progressive, inventive, full of suggestions for improvement. Your nature is commanding, disposition moody, and destined to strange vicissitudes of fortune. Obstacles are not recognized, disappoint-

Scorpio ments are not heeded, and your relentless march of ambition knows no stopping place this side of success. Kind but not demonstrative. Claim absolute personal freedom, unconventional, dignified, with unusual will-power and self-control.

You will find your mate under Taurus.

but there is attraction for those born under Capricorn. The women are adapted to public life rather than to domestic interests. The men are studiously inclined, and accumulate a large fund of information; patriotic but prefer a quiet life. In business, a union with Libra would be most fortunate. January and July are the most propitious months, and Tuesday the lucky day. The red carnation is the flower and the yellow topaz is the gem. The predominating characteristics are: When born on Monday, a disposition to judge others; Tuesday, kind but not demonstrative; Wednesday, brilliant talker but evasive listener; Thursday, proud and pretentious; Friday, a brain worker; Saturday, ardent passions; Sunday, love of luxury and the opposite sex.

Oh! My Poor Back!

No Trouble At All to Know When Your Kidneys and Bladder are Diseased

You don't have to have a doctor or anybody else to tell you that. When your kidneys and bladder become weak, exhausted and diseased, the symptoms are very plain and unmistakable. You must first understand that all kidney and bladder diseases are directly due to uric acid poison in the system.

Those wearisome, continuous backaches—those excruciating, sharp, stabbing pains and "catches" in the back, hips and groin (when you attempt to lift something or to straighten up too quickly)—those rheumatic pains and twinges—all signify kidney and bladder disease. Then take warning—for foolish neglect may soon mean serious and fatal consequences.

DeWitt's Kidney and Bladder Pills have afforded prompt and permanent relief in every case of kidney and bladder disease—no matter how far advanced—where they have been given an honest trial. Uric acid cannot possibly resist the marvelously cleansing, antiseptic, soothing, healing and curative action of these Pills. They insure positive relief and freedom from all conditions or symptoms of kidney and bladder diseases, as above mentioned. They also prevent (or cure, if taken in time) many far more fatal diseases—such as diabetes, dropsy and Bright's disease.

Lessie Meeks, 1116 Dowde St., Durham, N. C., states that DeWitt's Kidney and Bladder Pills have cured her of kidney trouble, and she gladly recommends them. This is only one of the thousands of similar testimonials.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who has the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of DeWitt's Kidney and Bladder Pills will be sent free by return mail, postpaid. Do it today.

DeWitt's Kidney and Bladder Pills are put up in tight, sanitary glass containers (to preserve their full strength and curative qualities), and are sold by nearly all druggists, at 50 cents and one dollar per package.

The one dollar package contains $2\frac{1}{2}$ times as much as the 50-cent size.

Sold only in glass containers. Do not accept them in any other package.

Some Interesting Points of Constitutional Law.

If the President holds a bill longer than ten days, while congress is in session, it becomes a law without his signature.

An act of Congress cannot become a law over the President's veto except on a two thirds vote of both houses.

The House of Representatives may impeach the President for any crime, but the Senate has the sole power to try all impeachments.

An officer of the United States government is not permitted to accept any title of nobility, or order of honor, except with the permission of Congress.

Amendments to the Constitution of the United States require a two-thirds vote of each House of Congress, and must be ratified by at least three-fourths of the States.

The President of the United States must be 35 years of age; a Senator, 30; a Congressman, 25. The President must have been a resident of the United States fourteen years.

A naturalized citizen is not eligible to the office of President of the United States. A male child born in a foreign land of American parents has an equal chance to become the President with one born on American soil.

The United States shall guarantee to every State a republican form of government, and shall protect each of them against invasion, and on application of the Legislature or of the Executive (when the Legislature cannot be convened), against domestic trouble.

ASTROLOGY

From November 22d to December 21st, "Sagittarius" is the sign, and Jupiter the ruling planet. You have executive power, decision, self-control, quick thought and ability to command. Bold, active, generous, benevolent, sympathetic, outspoken, impulsive, quick-tempered and have unusual prophetic gifts.

Sagittarius

Open, honest and frank, despising secretiveness and intrigue. Refined and spiritual by nature, but belligerent, and brook no opposition. Thoughtful, tender in domestic relations.

Matrimonial happiness is most lasting with Gemini. The women are active and busy, bear no malice, but never forget an injury. The men are remarkably quick, good workers and take great interest in public affairs. Commercially, an alliance with Scorpio would be successful. February and June are fortunate months, and Thursday is the lucky day. The golden-rod is the flower, the carbuncle the precious stone. The predominating characteristics are: If born on Monday, mechanical ability; Tuesday, humorous; Wednesday, fond of art; Thursday, poetic and musical; Friday, love of independence, Saturday, gloomy; Sunday, religious. **See index to 200 year calendar on page one.**

CAUTION.—Constant headaches are superinduced by stomach disorders. These attacks may be prevented and all danger averted by the use of a remedy that will feed and strengthen the nerve cells. Kodol For Dyspepsia does this by digesting, assimilating and appropriating to the blood and tissues the nourishment that is contained in the food you eat. Kodol digests what you eat and makes the stomach sweet.

Kidney and Bladder Diseases are Fatal

In Many Cases—Unless the Deadly Uric Acid Poison, Which Causes Them, Is Removed

The symptoms of uric acid poison, or kidney and bladder disease, are many, and easily recognized. Among them are chronic weak and aching back (especially in evidence when attempting to lift something, or to rise suddenly from a stooping position) sharp, stabbing pains and hitches in the back, groin and limbs, muscular soreness, twitchings, etc.

Some of the more dangerous results are gallstones and gravel, inflammation, painful, scalding sensation and sediment in the urine, impure blood and its long train of evils, sciatica, dropsy, chronic diabetes, Bright's disease, and other fatal maladies.

DeWitt's Kidney and Bladder Pills very speedily and permanently rectify any derangement of the kidneys and bladder that is not past help. They operate at once, and directly, upon the kidneys, bladder and liver, and are especially soothing, healing, anti-septic, purifying, reconstructive, tonic and curative.

As an instance of the great good which follows upon the use of these marvelously beneficial Pills, note the case of Mr. George F. Gilmore, Jackson, Ga., who writes: "I take great pleasure in stating that DeWitt's Kidney and Bladder Pills cured me of one of the most aggravated cases of inflammation of the bladder, I have ever known."

Mr. K. L. Maddox, of Carthage, Mo., Says:

"After taking two boxes of DeWitt's Kidney and Bladder Pills, I feel as though I ought to say something in regard to what they have done for me. I have taken a great many different kinds of kidney medicine for a great many years, and they have done me no good whatever; but after taking a few doses of yours, I cannot say too much in regard to the good it has done me."

DeWitt's Kidney and Bladder Pills come in two sizes only, the 50c and the \$1.00 size. Both are put up in air tight glass containers. Do not accept them in any other way.

ASTROLOGY

Saturn rules once more from December 21st to January 20th and "Capricorn" is the sign. You are proud, self-reliant, practical, yet idealistic to an impossible degree. Fastidious and

Capricorn

adore the beautiful; luxurious personal tastes, but a good financial manager. Cool, calm, collected and dignified, faithful and sincere in affection and not easily changed, but the tendency to idealize brings suffering.

You are decisive, sensitive, self-conscious, industrious, but unwilling to serve others. The women under this sign are discreet in matters of finance, but firm, positive and unyielding; they

conceal an ardent temperament under a mask of reserve. The men are quick to grasp an opportunity, and good judges of human character; they are best adapted to the management of large enterprises. Capricorn people are naturally attracted to those under Taurus and Virgo, but their true mates are found under Cancer, Aquarius and Sagittarius. A business partnership with Sagittarius would prove valuable. March and November are the lucky months, and Saturday the auspicious day. The snowdrop is the flower, and chalcidony the precious stone.

The predominating characteristics are, when born on Monday—Great love sorrows. Tuesday—Misdirected intelligence. Wednesday—Warlike disposition. Thursday—Intellectual ambition. Friday—Materialistic. Saturday—Skeptical. Sunday—Strong mentality.

Don't Neglect Your Kidneys and Bladder

Symptoms Such as These Almost Surely Mean Kidney and Bladder Disease

Painful, lame and aching back, rheumatic twinges and shooting, knife-like pains in the back and groin, dull dragging weariness, inability to stoop over or to lift anything, nausea, faint spells, heart palpitation and weakness, sediment in urine, scalding sensation, etc.

When you observe any of these symptoms, as above, you may rest assured that it is very dangerous to neglect them. So dangerous, in fact, are diseases of the kidneys and bladder that they frequently terminate in death—with little warning to the victim.

The extremely fatal character of these maladies is due to the uric acid poison in the system—which the weak and ailing kidneys and bladder cannot expel. And when uric acid is allowed to remain in the system, it leads, sooner or later, to grave conditions.

DeWitt's Kidney and Bladder Pills have quickly and effectually removed all conditions which lead to these alarming diseases, in thousands of cases where these Pills have been given a trial. They are wonderfully prompt and efficacious in action—thoroughly antiseptic, soothing and healing, and contain no opiates or narcotics.

DeWitt's Kidney and Bladder Pills come in two sizes only, the 50c and \$1.00 size. Both are put up in air tight, glass containers. Do not accept them in any other way.

E. C. DeWitt & Co.,
203-205 LaSalle Ave., Chicago.

Gentlemen:—I want to tell you how much benefit I derived from the use of DeWitt's Kidney and Bladder Pills. I am an old soldier, seventy-two years of age, and have been badly troubled with Kidney and Bladder ailments for a long time.

Mr. W. G. Morris, 833 West Lake St., my druggist, gave me a sample of DeWitt's Kidney and Bladder Pills, and after using the sample I have since bought and used three boxes of the 50c size, and am anxious and feel it my duty to tell you and others what they have done for me. I have spent many dollars being treated for my trouble, have tried many different kinds of medicine, but have never had anything like permanent relief or cure until I used DeWitt's Kidney and Bladder Pills.

I can't say too much for them and heartily recommend DeWitt's Kidney and Bladder Pills to all sufferers from Kidney and Bladder troubles.

Hoping that all sufferers may soon learn of your great remedy, I am.

Yours very sincerely,

Adolph Werdt.

For Lame Back—DeWitt's Kidney and Bladder Pills.

That Lamé Back Means Kidney Disease

And to Relieve the Lamé and Aching Back, You Must First Relieve the Kidneys

There is no question about that at all—for the lamé and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense anyway—that you must cure a condition by removing the cause of the condition. And lamé and aching backs are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.

These symptoms are, as stated, Nature's unfailing and unmistakable warning of more desperate and fatal conditions that may soon result. As you value your health—your peace of mind and comfort of body—do not neglect these symptoms. Some of the most dangerous complications known to medical science result from neglected diseases of the kidneys and bladder.

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs.

These Pills operate directly and promptly—and their beneficial results are at once felt. They quickly regulate, purify, stimulate, and effectually heal and restore the kidneys, bladder and liver, to perfect normal and healthy condition—even in some of the most advanced cases. If sufferers from diseased kidneys or bladder could be present in our office and see the letters of praise which pour in from every side, they could not help but be convinced that here, at least, is a remedy which does everything claimed for it. E. C. DeWitt & Co., Chicago, Ill., want every man and woman who has the least suspicion that they are afflicted with kidney and bladder disease to at once write them, and a trial box of these Pills will be sent free by return mail, postpaid. Do it today.

How to be Young at 80.

Adkin, Wyoming Co., W. Va.
April 4th, 1910.

E. C. DeWitt & Co.,
Chicago, Ill.
Gentlemen:-

I am now 80 years old and have been a sufferer from Kidney and Bladder trouble for many years, and during the whole time was treated by several doctors and tried several different kinds of Kidney Medicines without much benefit.

Spring of 1909 I was taken suddenly, my urine entirely stopped. I was a physical wreck, pains so severe I thought I could not live. The family physician was called at once, he tried with all his skill to relieve my troubles. The only relief was the use of a rubber tube. All the urine I passed for about three weeks was by the use of that rubber tube. The doctor and all the family gave up all hopes of my recovery.

DeWitt's Kidney and Bladder Pills were highly recommended for Kidney and Bladder trouble. The family decided to try the Pills in my case, but thinking it too late for anything to do any good, but to the surprise of all the Pills gave me relief and I passed off my urine without the use of a rubber tube, and I am still able to go around. I write this testimony that you may put in print, and put before the public so it may be of benefit to all sufferers from Kidney and Bladder troubles.

I heartily recommend DeWitt's Kidney and Bladder Pills to all sufferers from Kidney and Bladder trouble for I think DeWitt's Kidney and Bladder Pills saved my life.

Yours very respectfully,
Irvin Bailey.

A Little Early Riser

now and then, at bed time, will relieve constipation, biliousness and liver troubles. DeWitt's Little Early Risers are different from other pills. They do not rack the system. Even a cathartic dose of the Famous Little Pills will not gripe, weaken or sicken. Many people call them

The Easy Pill

They are very small and easy to take, and easy and gentle in their effect upon the system, and yet they are certain in results. For quick relief from Biliousness, Sick Headache, Torpid Liver, Jaundice, Dizziness and other troubles arising from an inactive or sluggish liver, DeWitt's Little Early Risers are recommended. They relieve by arousing the secretions, moving the bowels gently, yet effectually, and giving tone and strength to the glands of the stomach, liver and bowels.

Women and Children

who cannot stand the shocking strain of laxative syrups and cathartic pills are especially fond of the Little Early Risers. All persons who find it necessary to take a liver medicine should try these easy pills, and compare the agreeably pleasant effect, with the nauseating and weakening conditions following the use of other remedies.

Take DeWitt's Kidney and Bladder Pills.

Wallace H. Bruner, Former St. Louis Motorman, Says:

"I was employed as a motorman by the Southern Electric Street Railway Co., of St. Louis, Mo., during which time I contracted urinary troubles, and was obliged to use sounds or instruments in order to urinate.

I saw in one of the local papers your advertisement of DeWitt's Kidney and Bladder Pills. I at once purchased one bottle, which gave me immediate relief, and three bottles cured me entirely of my trouble. I am a well and sound man today, and have no one to thank for my permanent cure except E. C. DeWitt & Co."

Mr. Bruner now lives at 3214 Ohio St., Omaha, Nebr.

Watch Over the Little Children.

Detect Early Signs of Kidney Trouble and Stop it Before It Is Too Late.

Women often suffer kidney disorders just before childbirth; and if the trouble is not attended to, the child is likely to be born with weak kidneys.

Kidney disease shows itself early in infancy, chiefly through wetting of the bed at night or of the clothing during the day, in spite of punishment or other efforts at training.

Bed-Wetting is usually not the child's fault, but merely a symptom

of kidney trouble. Prompt treatment in such cases will very likely save the little one future years of misery.

DeWitt's Kidney and Bladder Pills are mild and harmless and may be given to a child with perfect safety.

Give doses of half a pill and during the treatment do not let the child drink too much water late in the day.

I Am Now Well.

DeWitt's Kidney and Bladder Pills Cured Me.

Mrs. P. M. Bray, Columbus, Ga., says: "I was very sick. My doctor told me I had kidney trouble. The water I passed looked to be half blood. I took medicine from the doctor for three weeks, and it did not do me any good. I first got two samples of DeWitt's Kidney and Bladder Pills and the second day could see a change, and I have taken in all about three boxes of DeWitt's Kidney and Bladder Pills, and I am now well and the Pills are what cured me."

DeWitt's Kidney and Bladder Pills come in two sizes only, the 50c and the \$1.00 size. Both are put up in air tight, glass containers. Do not accept them in any other way.

By this Simple, Convenient and Harmless Method the Medicine is Thoroughly Injected and Reaches the Affected Parts.

You who suffer with piles—You who know and understand the annoyance, the trouble and the worry and who realize the danger that there is in this ailment—You who have tried and tried again from time to time to find something that would give you relief, but have failed to find it, we wish to assure you that at last there is something that you can use and be confident of good results and within a very short time.

We want to tell you something about Man Zan, the great pile remedy.

Man Zan is for piles. It doesn't make any difference how you may be troubled, or how long you may have been troubled. Man Zan may be depended upon by you or by anyone to be just what is needed in cases of the worst kind of bleeding, itching, protruding, burning and irritating piles.

Man Zan is for piles, but more than that, this well-known preparation is composed and made up of such high-grade material that it is a most excellent remedy to be applied to any part of the body in cases of scalds, wounds, skin diseases, insect bites and sprains, poison ivy and skin eruptions. It is a good disinfectant. It is soothing and healing, and is a fine antiseptic.

Hundreds and hundreds of people are bothered with this very annoying trouble and perhaps most remedies that you have tried or anyone else has tried have failed in some way or other. But Man Zan will not fail.

In preparing Man Zan to relieve piles, all the various features that cause the trouble and annoyance have been carefully taken into consideration, and all ingredients necessary to relieve any and all kinds of piles are so combined in Man Zan and are so skillfully prepared and so conveniently put up that there isn't anyone, no matter how young or how old, but who can use Man Zan without any trouble or any inconvenience. It makes no difference what the trouble may be, you

or anyone can use Man Zan in confidence and without hesitation, and you may feel assured that you will almost immediately notice its effects. Man Zan works promptly, thoroughly and effectively. It heals, soothes and allays inflammation, and it is the greatest boon known to the thousands of people who are obliged to suffer from this annoying and painful trouble. Nor should you delay in procuring and using Man Zan immediately. Do not put it off until tomorrow, for every day's delay but irritates more and only makes it harder for you finally to get the relief that you hope for.

Please Notice.

A cork washer is placed inside the rectal nozzle to prevent Man Zan from leaking out of the tube in warm weather. Before using it is necessary to unscrew the nozzle and remove from it the piece of cork. After the cork is removed the nozzle may be replaced ready for use. In warm weather stand the tube erect, with nozzle pointing upwards, to prevent loss of Man Zan by leakage.

Directions.

Cleanse the parts with warm water and Castile soap and dry thoroughly with a soft towel. Insert the nozzle as far as possible and squeeze into the rectum as much Man Zan as you think would fill a teaspoon. Use night and morning, and after stooling, when convenient.

Neither you nor anyone can afford to overlook securing at once this well-known remedy.

Be Sure That It Is Man Zan.

When you ask for Man Zan you must be absolutely sure that you get it. You will waste a great deal of time and your trouble, perhaps, will be only longer continued if you accept a substitute or something "just as good" as Man Zan for Piles. Insist on having Man Zan and persist in having your druggist give it to you when you ask for it. Man Zan is the well-known pile remedy of today. Refuse to accept any other in place of it. You will be disappointed if you do accept something else.

Remember that Man Zan is sold by nearly all druggists, everywhere, at 50c per tube, but if for some reason your dealer should not be able to supply you or secure it for you when you ask for Man Zan, then we will furnish it to you direct only until your dealer can arrange to receive his supply.
